To Whom it may concern,

on behalf of Upswing Arts I am writing to recommend the children' s show Big Tops and Tiny Tots.

In September 2016 Upswing presented the muti-arts hub Emerald City at the Melbourne Fringe Festival and Big Tops and Tiny Tops presented as part of our family programming. The show was extremely well received by industry peers and audiences.

Anna Luth Wolfe from Solid State Circus has done a fantastic job of creating a show for kindergarten children that is entertaining, educational and loads of fun.

Audience members were glowing in their positive feedback for this show and we would happily take it onboard in our future programming.

Anna was organised and efficient in all aspects of production, from booking to show season and a pleasure to work with throughout.

Please do not hesitate to contact me for any further discussion of any matter pertaining to this show.

Best Regards

Felicia O'Brien.
